**CITY OF URBANA, ILLINOIS
FINANCE DEPARTMENT**

December 9, 2016

To the Honorable Mayor, Council Members,
and Citizens of the City of Urbana, Illinois:

State law requires that every general-purpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2016.

Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, based upon a comprehensive framework of internal control that has been established for this purpose, rests with management of the City of Urbana, and in particular, the City Finance Director. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the City of Urbana. All disclosures necessary to enable the reader to gain an understanding of the City of Urbana's financial condition and activities have been included.

The City of Urbana financial statements have been audited by Baker Tilly Virchow Krause, LLP, licensed certified public accountants. The independent audit provides reasonable assurance that the statements are free of material misstatements. This audit involved examining selected records to support amounts and disclosures in the financial statements, assessing the accounting principles applied and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, Baker Tilly Virchow Krause, LLP, concluded that there was a reasonable basis for rendering an unmodified opinion that the statements are fairly presented in accordance with generally accepted accounting standards. Their independent auditors' report is located at the front of the financial section of this report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements, in the form of Management's Discussion and Analysis (MD&A), which immediately follows the

independent auditor's report. This MD&A complements this letter of transmittal and should be read in conjunction with it. As a recipient of various federal and state financial assistance programs, the City of Urbana is also required under the Federal Single Audit Act, to have an annual audit of certain major federal grant programs performed. This audit contains information concerning whether grant activity is presented fairly in the general purpose financial statements, whether internal control is sufficient to provide reasonable assurance that the funds are managed properly, and whether material grant compliance requirements have been met. The auditor's report relative to the Federal Single Audit Act is reported separately.

Profile of the City of Urbana

The City of Urbana, chartered in 1855, is a home-rule municipality located in Champaign County, which is situated in east central Illinois, approximately 135 miles south of Chicago and 45 miles west of the Indiana border. Twelve square miles are within the City boundaries. The University of Illinois is located in both Urbana and Urbana's twin city of Champaign. Urbana's population is estimated at 42,311 for 2015 and tends to be younger and more diverse than the population of the State as a whole. Residents are also highly educated, with nearly 54% holding a bachelor's degree or higher. Nearly 60% of housing units are in multi-unit structures, which is much higher than for the State as a whole. All of these factors contribute to making Urbana a unique and vibrant community.

The City operates under the mayor/aldermanic form of government. The legislative authority of the City is vested in a seven-member council, each elected from their respective districts. The Mayor is elected at large. Each member and the Mayor serve a four-year term. The Mayor recommends and the City Council approves appointment of department and division heads.

The City of Urbana provides a full range of municipal services, as outlined below:

Police:	Patrol, Traffic Control, and Criminal Investigation
Fire:	Fire Suppression, Fire Prevention, and Emergency Medical Assistance
Public Works:	Street Maintenance and Reconstruction, Traffic Maintenance, Street Lighting Maintenance and Reconstruction, Sanitary and Storm Sewer Maintenance and Reconstruction, Arbor Maintenance and Improvement, Parking (on enterprise basis)
Community Development:	Planning and Zoning Enforcement, Building Inspection, Economic Development, and Housing Improvement
Other Services:	Library Services, Human Relations

This report includes all funds of the City of Urbana. The Urbana Free Library and the Fire and Police Pension funds are included. There are no other entities in which the primary government is considered to be financially accountable for or other organizations for which their exclusion would cause these statements to be misleading or incomplete. The City also participates in a joint venture with the City of Champaign, the Champaign-Urbana Solid Waste Disposal System (CUSWDS). This joint venture is responsible for overseeing closeout and long-term maintenance of the old regional landfill site. Urbana's share of the joint venture (38.2%) is shown as an asset called Investment in Joint Ventures. It is contemplated that the City's investment will remain at the same level. This joint venture does not meet the criteria for inclusion in the City's financial report. However, financial information for the joint venture is included in the notes to the financial statements.

Financial Planning

Finance staff develops a financial forecast annually, which is used for developing a strategy for the budget process. This informs decisions such as requiring departments to make budget reductions, or considering new or enhanced programs or services. The City Council has also adopted a set of financial policies to guide in preparation of the annual budget.

The annual budget serves as the foundation for the City's financial planning and control. All departments submit budget requests to the Finance Department, which are then reviewed by Finance staff and the Mayor. The Mayor makes final decisions on the proposed budget, which is then presented to the City Council for review. The City Council reviews the proposed budget in several open meetings and holds a public hearing and adopts the budget before the beginning of the new fiscal year. The budget is prepared by fund, department, activity, and expenditure classification (e.g., supplies, services). The level of expenditures cannot exceed budgeted amounts within certain basic expenditure categories within an individual department for the General Fund or for the fund in whole for non-general funds. All funds have balanced annual budgets, prepared on a cash basis, and approved by the City Council, except for pension trust funds. Pension trust funds are managed by appointed Trustees and budgetary control is maintained through an annual actuarial review.

The Finance Director is authorized to transfer amounts within basic expenditure categories of personnel, supplies, services, and capital with the approval of the Mayor. This budgetary control is maintained through regular financial reports. Budget to actual comparisons are provided in this report for each individual governmental fund for which a budget has been adopted.

Local Economy

The information presented in the financial statements is, perhaps, best understood in the context of the specific environment in which the City of Urbana operates.

The presence of the University of Illinois has a significant, stabilizing influence on the local economy. In addition to bringing more than 44,000 students from every state as well as more than 100 foreign countries to the Urbana-Champaign area, the University employs more than 10,000, including many residents of the City of Urbana.

The University of Illinois “Flash Index,” which is the most current measure of the State’s economic performance, is at 104.3 for November, 2016. An index over 100 indicates growth. In addition, the local unemployment rate was at 4.9% in September. Both of these are positive indicators for the local economy.

State and local sales tax revenue make up nearly one-third of General Fund revenues. Sales tax performance was relatively weak in FY2016, with State and Home Rule sales tax decreasing by about 1% on an annualized basis. Use tax, which includes sales from large online retailers increased by about 10% on an annualized basis, which may reflect increasing online sales. Reliance on sales tax as a revenue source can be problematic during economic downturns. However, the City’s healthy reserves provide a cushion against these fluctuations.

The City’s taxable assessed value decreased marginally, by 0.14%, in 2015. The decrease was largely due to legislated changes in exemptions for veterans. Without that change in exemptions, assessed value would have increased by 0.6%. Despite decreases in assessments, the City has maintained a relatively stable tax rate for the past few years. City staff anticipates that growth will be a healthy 3.89% for 2016, when assessments are finalized. Based on building permits for uncompleted construction, driven in part by the City’s enterprise zone, the City expects a more substantial increase in 2017.

Major Initiatives

Significant initiatives for the City in fiscal year 2016 were:

- a) The Appellate Court ruled the State law which grants hospitals property tax relief in exchange for “charity care” unconstitutional. This decision was appealed to the State Supreme Court, and the City continues to aggressively pursue this issue. This law has adversely affected Urbana which has two regional hospitals. Urbana, with 3% of the region’s population absorbed 83% of the tax loss. This not only raised the taxes for every property owner, but drove Urbana’s tax rate 25% above that in the adjacent city of Champaign—clearly an unsustainable situation for Urbana.

- b) A new State authorized Enterprise Zone took effect in January, 2016. The program includes substantial incentives for new residential, commercial, and industrial construction, which will help to grow the tax base.
- c) The construction value of building permits issued in FY2016 was over \$60M for the second year in a row. This will translate into a larger tax base in the future.
- d) The City continued to use Tax Increment Financing District funds to incentivize redevelopment in several areas, including Downtown Urbana.
- e) Work continued on extending Olympian Drive across the north side of Urbana and Champaign to tie into the existing North Lincoln Avenue. Once improvements to North Lincoln are complete, this section of road will be opened, linking the north sides of Champaign and Urbana to increase ease of access and encourage industrial development in north Urbana.
- f) Replacement of existing concrete pavement on Winsor Road from west of Race Street to east of Philo Road was completed. Winsor Road is an important arterial street connecting the south sides of Urbana and Champaign. City staff continues to work with the contractor to identify the cause of cracking and address those issues.
- g) Construction is expected to begin in 2017 on a segment of Green Street in Urbana, which is part of the MCORE (Multimodal Corridor Enhancement) project. In late 2014, the City of Urbana, along with the City of Champaign, the University of Illinois, and the Champaign-Urbana Mass Transit District were awarded a \$15.7 million federal grant to rebuild infrastructure in the core of the community. The MCORE project will have a transformative impact on the core of our community, including improvements on Green Street from Wright to Race in the City of Urbana.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Urbana for its CAFR for the fiscal year ended June 30, 2015. To be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR in conformance with GAAP. The report satisfied both GAAP and legal requirements.

A Certificate of Achievement is valid for a period of one year only. Management believes that the current CAFR continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine eligibility for another certificate.

I would like to express my appreciation to the staff of the Finance Department for their efficient and dedicated service in helping prepare this report. In particular, I want to thank Sophie Pham, City Accountant for her work. I would also like to commend the Mayor, members of the City Council, all officials, officers and staff throughout the City of Urbana for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Elizabeth A. Hannan
Finance Director

Executive Director/CEO

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Urbana, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Urbana, Illinois, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Urbana's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Urbana Free Library, the City Urbana Police Pension Fund, and the City of Urbana Firefighters' Pension Fund were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to the City of Urbana's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City of Urbana's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and Members of the City Council
City of Urbana

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Urbana, Illinois, as of June 30, 2016 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Urbana's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

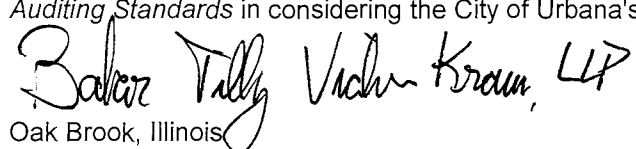

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Urbana's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Mayor and Members of the City Council
City of Urbana

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2016 on our consideration of the City of Urbana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Urbana's internal control over financial reporting and compliance.

Oak Brook, Illinois
December 9, 2016

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

The discussion and analysis of City of Urbana's (the "City") financial performance provides an overall review of the City's financial activities for the year ended June 30, 2016. The management of the City encourages readers to consider the information presented herein in conjunction with the transmittal letter found in the introductory section and the basic financial statements to enhance their understanding of the City's financial performance. Certain comparative information between the current year and the prior is required to be presented in the Management's Discussion and Analysis (the "MD&A").

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$110.5 million (net position). Of this amount \$6.0 million is unrestricted and may be used to meet the government's ongoing obligation to citizens and creditors.
- In total, net position increased by \$1.4 million. This represents a 1% increase from 2015 and occurred because revenues exceeded expenses by nearly \$1.4 million.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$37.6 million, an increase of \$4.8 million in comparison with the prior year. Approximately \$28.6 million is available for spending at the government's discretion (unrestricted fund balance).
- General revenues accounted for \$32.6 million in revenue or 73% of all governmental revenues. Program specific revenues in the form of charges for services and fees and grants accounted for \$12.0 million or 27% of total governmental revenues of \$44.6 million.
- The City had \$43.9 million in expenses related to government activities. However, only \$12.0 million of these expenses were offset by program specific charges and grants.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$15.6 million, or 56% of the total General Fund expenditures. This includes revenues that were owed to the City, but not yet received as of June 30.
- Long-term liabilities, which include pension obligations, increased by \$5.4 million to \$40.9 million. This is primarily due to increased net pension liabilities in the Fire Pension Fund. Fire Pension liabilities increased by \$4.2 million due to a difference between projected and actual earnings on pension plan investments (\$2.6 million) and changes in actuarial assumptions (\$2.1 million), among other factors.
- The City has relatively little outstanding debt, with a total of \$8.0 million outstanding as of the end of 2016.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business, and are reported using the accrual basis of accounting and economic resources measurement focus.

The statement of net position presents information on all of the City's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be divided into two types of activities: governmental and business type. Governmental activities present the functions of the City that are principally supported by taxes and intergovernmental revenues. Business type activities present the functions that are intended to recover all or a significant portion of their costs through user fees and charges. The City's governmental activities include functions like general government, public safety, highways and streets, and urban redevelopment and housing. The City's business type activities include motor vehicle parking.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds, enterprise funds, and fiduciary funds.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements and are reported using the modified accrual basis of accounting and current financial resources measurement focus. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources; as well as, on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 4 major individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Vehicle and Equipment Replacement Fund, Capital Improvement and Replacement Fund, and Motor Fuel Tax Fund. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining schedules elsewhere in this report. The City adopts an annual budget for each of the major funds listed above. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary funds

The City maintains two different types of proprietary funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as business type activities in the government-wide financial statements. The City utilizes enterprise funds to account for its motor vehicle parking system. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions.

The City of Urbana uses internal service funds to account for equipment services. Because these services predominantly benefit governmental rather than business type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Motor Vehicle Parking Fund, which is considered to be a major fund of the City. Conversely, the internal service fund is combined into a single, aggregated presentation in the proprietary fund financial statements.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that for the government-wide financial statements.

Notes to basic financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's Illinois Municipal Retirement Fund, Police Pension Fund and Firefighters' Pension Fund; as well as, budget to actual comparisons of the funds. Supplementary schedules include combining and individual fund schedules of all non-major funds and Fiduciary Funds.

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Assets summary presentation.

Net results of activities – which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for capital – which will increase current assets and long-term debt.

Spending borrowed proceeds on new capital – which will: (a) reduce current assets and increase capital assets; and, (b) increase capital assets and long-term debt, which will not change the net investment in capital assets.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Spending of non-borrowed current assets on new capital – which will: (a) reduce current assets and increase capital assets; and, (b) will reduce unrestricted net position and increase the net investment in capital assets.

Principal payment on debt – which will: (a) reduce current assets and reduce long-term debt; and, (b) reduce unrestricted net position and increase the net investment in capital assets.

Reduction of capital assets through depreciation – which will reduce capital assets and the net investment in capital assets.

Current Year Impacts

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, total net position increased by \$1.4 million from \$109.1 million to \$110.5 million. The City's total assets/deferred outflows of resources equal \$166.4 million. The City's total liabilities/deferred inflows of resources equal \$55.9 million.

The increase in net position is primarily driven by the fact that the County distributed \$1.5 million from the TIF 3 surplus to the City, which increased cash and investments in governmental activities.

A portion of the net position of the governmental activities is restricted for various purposes, including urban housing and development, public safety, and capital projects. The unrestricted combined balance, for both governmental and business type activities, of \$6.0 million may be used to meet the ongoing City obligations to their citizens and creditors. All net position categories show positive balances at year end.

Normal Impacts

There are eight basic (normal) impacts that will affect the comparability of the revenues and expenses on the Statement of Activities summary presentation.

Revenues

Economic condition – which can reflect a declining, stable or growing economic environment, and has substantial impact on state sales, replacement and hotel/motel tax revenue; as well as, public spending habits for building permits, elective user fees, and volumes of consumption.

Increase/decrease in City approved rates – while certain tax rates are set by statute, the City has significant authority to impose and periodically increase/decrease rates (water, home rule sales tax, etc.).

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Changing patterns in intergovernmental and grant revenue (both recurring and non-recurring) – certain recurring revenues (state shared revenues, etc.) may experience significant changes periodically while non-recurring grants are less predictable and often distorting in their impact on year to year comparisons.

Market impacts on investment income – the City's investments may be affected by market conditions causing investment income to increase/decrease.

Expenses

Introduction of new programs – within the functional expense categories (general government, public safety, public works, and community development), individual programs may be added or deleted to meet changing community needs.

Change in authorized personnel – changes in service demand may cause the City to increase/decrease authorized staffing. Staffing costs (salary and related benefits) represent the largest operating cost of the City.

Salary increases (annual adjustments and merit) – the ability to attract and retain human and intellectual resources requires the City to strive to approach a competitive salary range position in the marketplace.

Inflation – while overall inflation appears to be reasonably modest, the City is a major consumer of certain commodities such as supplies, fuel, and parts. Some functions may experience unusual commodity specific increases.

Current Year Impacts

Governmental activities experienced a minimal change in revenue, remaining at \$44.6 million. Expenses increased by \$4.5 million to \$43.9 million, which did not exceed revenue and resulted in an increase of \$1.5 million in the City's governmental activities net position.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Governmental Activities

Governmental Revenues by Source

Revenues

Revenues remained relatively stable. This is largely due to increased property tax revenue from the \$1.5 million distribution of TIF 3 surplus. Without that payment, revenues would have decreased.

Governmental Expenses by Function

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Expenses

The City's overall expenses in governmental activities for the current fiscal year decreased by \$4.5 million over the previous year. Expenses in public safety, public works, and community development activities all went up significantly. The increase of \$1.4 million in public safety expenses is almost entirely related to pension obligations. The increase of \$2.5 million in highways and streets is related to an increase in depreciation expense related to completed construction projects and removal of assets that were improperly included in the past. Community Development activities increased due to expenses related to a grant from the Illinois Housing Development Authority and demolition of the Hanford Inn.

Financial Analysis of the City's Funds

The fund balance in governmental funds increased from \$32.7 million to \$37.6 million, an increase of \$4.8 million or 14.8%. Most of this increase is in the General Operating Fund, where revenues exceeded expenditures by \$4.5 million. The City received a one-time TIF surplus distribution in the amount of \$1.5 million from the County in fiscal year 2016.

The Vehicle and Equipment Replacement Fund had an increase of \$1.4 million in fund balance. Purchase of some equipment was deferred to the next year. The City also increased the annual contribution from the General Fund to this fund to make sure an adequate level of funding was maintained for future replacement of equipment.

The fund balance in the Capital Replacement and Improvement Fund decreased by \$1 million largely because of delayed payments from the State of Illinois.

General Fund Budgetary Highlights

General Fund revenues of \$32.2 million exceeded budget by \$0.2 million due to sales and utility tax revenues being higher than expected. Expenditures were about \$1.5 million below budget, largely because expenditures in general government and public works were significantly below the final budget. Some variance in personnel costs in public works is related to turnover in staff positions. In general government, the amount budgeted for a large workers' compensation claim was not spent because it remained unsettled at the end of the fiscal year.

Capital Assets and Debt Administration

Capital assets

By the end of 2016, the City had compiled a total investment of \$165.0 million (\$103.5 million net of accumulated depreciation) in a broad range of capital assets including land, buildings, infrastructure, equipment, and vehicles. Total depreciation expense for the year was \$5.1 million. More detailed information about capital assets can be found in Note III of the basic financial statements.

Debt Administration

The debt administration discussion covers two types of debt reported by the City's financial statements. The City's governmental activities include the general obligation bond issuance for the Boneyard improvement project as well as the general obligation bond issuance for the Windsor Road improvement project. Overall, the City's governmental activities report a total debt of \$8.0 million. The City began the fiscal year with a balance of \$7.9 million in debt, reduced debt by \$1.1 million, and issued \$0.3 million in loans, leaving a June 30, 2016 debt balance of \$8.0 million. The City's business type activities include a revenue note related to the motor vehicle parking system. More detailed information about debt administration can be found in Note III of the basic financial statements.

CITY OF URBANA

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Year Ended June 30, 2016 (Unaudited)

Factors Bearing on the City's Future

The Appellate Court ruled the State law which grants hospitals property tax relief in exchange for "charity care" unconstitutional. However, the City has yet to see additional revenue from these properties because this decision was appealed to the State Supreme Court. The City will continue to aggressively pursue this issue. This law has had a significant adverse impact on the City of Urbana, which is home to two regional hospitals. The largest, Carle, serves a region of 1.2 million people in 25 counties in Illinois and Indiana. As of the last decennial census, Urbana, with a population of 41,250 accounts for 3% of the region's population. However, 83% of Carle's property is located in Urbana, which means that 3% of the population is shouldering 83% of the tax loss. Before the exemption, Carle accounted for 11% of the City's assessed value. The result is a shift in the overall tax burden to other taxpayers, which has driven the tax rate 25% above the adjacent City of Champaign, putting Urbana at a competitive disadvantage. This situation is not sustainable for the City.

The State's budget crisis has the potential to have a significant impact on the City's finances. The potential for a reduction in State-shared revenues or new limitations on the ability of local governments to raise revenues as the State struggles to balance its budget is concerning. Any move by the State that reduced local government revenues would be a significant hardship at a time when the City is already struggling to deal with the decline in assessed value resulting from the hospital property tax exemption.

Any reductions in State funding for the University of Illinois, which is a significant driver for the local economy and the City's largest employer, would also have a significant impact on the City. Depending on the magnitude of reductions, there could be wide ranging impacts on the local economy, affecting sales taxes and other City revenues.

Requests for Information

This financial report is designed to provide the City's citizens, taxpayers, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report, need additional financial information, or would like a copy of the financial statements for the Urbana Free Library, contact the Finance Office:

CITY OF URBANA

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION As of June 30, 2016

Total Fund Balances - Governmental Funds	\$ 37,593,310
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. See Note III C.	97,501,560
Deferred outflows of resources related to pensions do not related to current financial resources and are not included in the Governmental Funds Balance Sheet.	15,196,650
Some receivables that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements.	36,009
An asset is reported in the statement of net position for the equity interest in the Champaign-Urbana Waste Disposal System joint venture.	60,802
Internal service funds are reported in the statement of net position as governmental activities.	127,225
A liability is reported in the statement of net position for the net obligation relating to post employment benefits.	(665,319)
Deferred inflows of resources related to pensions do not relate to current financial resources and are not included in the Governmental Funds Balance Sheet.	(4,769,339)
Some liabilities, including long-term debt, are not due and payable in the current period and therefore, are not reported in the funds.	
Bonds payable	(7,565,000)
Loan payable	(350,000)
Compensated absences	(1,681,470)
Accrued interest	(38,002)
Landfill post-closure monitoring	(57,300)
Net pension liabilities	<u>(32,956,711)</u>
NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 102,432,415</u>

CITY OF URBANA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended June 30, 2016

Net change in fund balances - total governmental funds	\$	4,844,689
--	----	-----------

Amounts reported for governmental activities in the statement of net position are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.

Capital outlay is reported as an expenditure in the fund financial statements but is capitalized in the government-wide financial statements		6,452,031
Some items reported as capital outlay were not capitalized		(1,673,693)
Depreciation is reported in the government-wide financial statements		(4,912,948)
Net book value of assets retired		(319,440)

Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements.

Grants receivable		(452,239)
Intergovernmental		(134,827)

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position

Loans issued		(350,000)
Principal repaid		1,105,000

Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated absences		(286,142)
Accrued interest on debt		6,006
Other post employment benefits obligation		(117,769)
Net pension liability		(6,008,888)
Landfill post-closure monitoring		28,650
Deferred outflows of resources due to pensions		7,615,096
Deferred inflows of resources due to pensions		(4,267,096)

The proportionate share of the change in net position related to joint ventures reported in the statement of activities neither provides nor uses current financial resources and is not reported in the fund financial statements.

7,969

Internal service funds are used by management to charge self insurance costs to individual funds. The change in net position of the internal service fund reported with governmental activities.

(20,282)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

\$ 1,516,117

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Urbana, Illinois (the City) was incorporated in 1855. The City is a home-rule municipality, under the 1970 Illinois Constitution, located in Champaign County, Illinois. The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: public safety (police and fire protection), highways and streets, public improvements, planning and zoning, urban housing and redevelopment, and general administrative services. In addition, the City provides public parking services as an enterprise activity and participates in a joint venture association that oversees landfill post-closure operations.

The accounting policies of the City of Urbana, Illinois conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the City. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods, discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Pension Trust Funds

The Police Pension Employees Retirement System (PPERS) is established for the City's police employees. PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one pension beneficiary elected by the membership, and two police employees elected by the membership constitute the pension board. The City and the PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many characteristics of a legally separate government, PPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the City's police employees and because of the fiduciary nature of such activities. PPERS is reported as a pension trust fund and the data for the component unit is included in the government's fiduciary fund financial statements. Complete financial statements for the PPERS may be obtained from the City's finance department.

The Firefighters' Pension Employees Retirement System (FPERS) is established for the City's firefighters. FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members are appointed by the City's Mayor, one pension beneficiary is elected by the membership, and two fire employees are elected by the membership. The City and the FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, FPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the City's firefighters because of the fiduciary nature of such activities. FPERS is reported as a pension trust fund and the data for the component unit is included in the government's fiduciary fund financial statements. Complete financial statements for the FPERS may be obtained from the City's finance department.

Discretely Presented Component Unit

Urbana Free Library

The government-wide financial statements include the Urbana Free Library (Library) as a component unit. The Library is a legally separate organization. The board of the Library is appointed by the Mayor and confirmed by the City Council. The economic resources received and held by the Library are entirely for the direct benefit of the residents of the City of Urbana and statutes provide for circumstances whereby the City can impose its will on the Library. See Note III.H. As a component unit, the Library's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended June 30, 2016. Separately issued financial statements of the Urbana Free Library may be obtained from the Library's office.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

In February 2015, the GASB issued statement No. 72 - *Fair Value Measurement and Application*. The objective of this statement is to provide guidance for determining a fair value measurement for financial reporting purposes as well as to provide guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This standard was implemented effective July 1, 2015.

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund equity, revenues, and expenditures/expenses.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

- General Fund - accounts for the City's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.
- Vehicle Equipment and Replacement Special Revenue Fund - accounts for the fees, grants, and transfers used to pay for the replacement of public safety vehicles and equipment.
- Capital Improvement and Replacement Capital Projects Fund - used to account for the payments of capital improvements that do not have a designated revenue sources, or for improvements for which the designated funding source is not adequate.
- Motor Fuel Tax Capital Projects Fund - accounts for the receipts of state-shared motor fuel tax revenue, which is used to pay for eligible transportation improvements.

The City reports the following major enterprise fund:

- Motor Vehicle Parking Enterprise Fund - accounts for operations of the City's parking lots and garages.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The City reports the following nonmajor governmental funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Social Services	Special Community Development
HOME Community Development	Community Development Block Grant
Tax Increment Financing District 1	Tax Increment Financing District 2
Tax Increment Financing District 4	Post TIF 3 Escrow
Economic Development	Insurance Financing
Recycling	Public Television
Police Records	Emergency Solutions

Capital Projects Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Sanitary Sewer Construction	Boneyard Improvement
-----------------------------	----------------------

In addition, the City reports the following fund types:

Internal Service Fund - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis.

Equipment Services

Pension Trust Funds - used to account for and report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans.

Firefighters' Pension
Police Pension

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows of resources. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. However for intergovernmental taxes, the City considers revenues to be available if they are collected within 90 days of the end of the current fiscal period due to the historic lag in payments from the State. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Intergovernmental aids and grants are recognized as revenues in the period the City is entitled the resources and the amounts are available. Amounts owed to the City which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Motor Vehicle Parking System are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the City considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Illinois Statutes authorize the City to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Investment Pool.

Pension funds may also invest in certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions, and the Illinois insurance company general and separate accounts, mutual funds meeting certain requirements, equity securities, and corporate bonds meeting certain requirements. Pension funds with net assets in excess of \$10,000,000 and an appointed investment advisor may invest an additional portion of its assets in common and preferred stocks and mutual funds, that meet certain requirements. The police pension fund's investment policy allows investments in all of the above listed accounts, but does exclude any repurchase agreements. The firefighters' pension fund allows funds to be invested in any type of security authorized by the Illinois Pension Code.

The City has adopted an investment policy. That policy follows the state statute for allowable investments.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Interest Rate Risk

The City's and Pensions' investment policies seek to minimize exposure to declines in fair values as follows:

City - The portfolio is structured such that securities mature to meet cash requirements, thereby avoiding the need to sell securities prior to maturity.

Firefighters' Pension Fund and Police Pension Fund - The investment policies establish a goal that the fixed income portion be structured such that maturity dates are staggered so as to avoid an undue concentration of assets in a given time period. The policy also requires diversification of the portfolio so that the impact of a potential drop in interest rates in a particular type of security will be minimized, setting desired minimum and maximum levels for each category of investment.

Credit Risk

The City investment policy only allows investments to be in obligations of the U.S. Treasury and its agencies, non-negotiable certificates of deposit, obligations of the State of Illinois and its political subdivisions, savings accounts, money market mutual funds regulated by the SEC whose portfolios consist only of dollar-denominated securities, bankers acceptances, and local government investment pools (such as Illinois Funds and the Illinois Metropolitan Investment Trust Fund). The Police and Firefighters' Pension Funds are also authorized to invest in general and separate accounts of approved life insurance companies (up to a maximum of 10% of the fund's net position), corporate bonds, mutual funds, domestic corporate common stock (up to a maximum of 55% of the fund's net position or 45% if the fund is invested in 10% of general and separate accounts of approved life insurance companies), and money market mutual funds which are backed by U.S. government securities and agencies.

Concentration of Credit Risk

The City's and Pensions' investment policies require diversification of the investment portfolio to minimize risk of loss resulting from over-concentration in a particular type of security, risk factor, issuer, or maturity. The City operates its investments as an internal investment pool where each fund reports its pro rata share of the investments made by the City.

Custodial Credit Risk - Deposits

The City's and Pensions' investment policies limit the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured with collateralization pledged by the applicable financial institution equal to at least 100% of the value of the deposit.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Custodial Credit Risk - Investments

The City's and Pensions' investment policies require all securities to be insured, registered, or held by the City's or Pensions' agent in the City's or Pensions' name.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investments could be sold.

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold. Investments in IMET's 1 - 3 Year Fund may be redeemed with 5 business days' notice.

See Note III. A. for further information.

2. Receivables

Property taxes for levy year 2015 attaches as an enforceable lien on January 1, 2015, on property values assessed as of the same date. Taxes are levied by December following the lien date (by passage of a Tax Levy Ordinance). The 2016 tax levy, which attached as an enforceable lien on the property as of January 1, 2016, has not been recorded as a receivable as of June 30, 2016, as the tax has not yet been levied by the City and will not be levied until December 2016, and therefore, the levy is not measurable at June 30, 2016.

Tax bills for levy year 2015 are prepared by the Champaign County Clerk and issued on or about May 1, 2016 and August 1, 2016, and are payable in two installments, on or about June 1, 2016 and September 1, 2016 or within 30 days of the tax bills being issued.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

The county collects such taxes and remits them periodically. The 2015 property tax levy is recognized as a receivable and deferred inflows of resources in fiscal 2016. As the taxes become available to finance current expenditures, they are recognized as revenues. At June 30, 2016, the property taxes receivable and deferred inflows of resources consisted of the estimated amount collectible from the 2015 levy.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

3. Inventories and Prepaid Items

Governmental fund inventories, if material, are recorded at cost based on the FIFO method using the consumption method of accounting. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on FIFO, and charged to construction and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as land, infrastructure, buildings, and improvements with an initial cost of more than \$10,000 and an estimated useful life in excess of 10 years and equipment with an initial cost of more than \$5,000 and an estimated useful life in excess of 2 years. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated fair value at the date of donation.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

5. Capital Assets (cont.)

Government-Wide Statements (cont.)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings	75 Years
Building Improvements	20-30 Years
Vehicles	7-10 Years
Office Equipment	10 Years
Other Equipment	5 Years
Infrastructure	15-50 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

7. Compensated Absences

City employees are granted vacation pay and sick leave in various amounts. Sick leave and vacation benefits may be accumulated; however, upon death or retirement, employees are eligible to receive only a portion of accumulated time. Such amounts are accrued when incurred in the government-wide and proprietary statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. In prior years, the General Fund has been used to liquidate the accumulated absences for governmental funds. There were no accumulated amounts for the proprietary funds at June 30, 2016.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at June 30, 2016, are determined on the basis of current salary rates and include salary related payments.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

8. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of bonds payable, loans payable, accrued compensated absences, net other post-employment benefit obligation, landfill post-closure monitoring liabilities and net pension liabilities.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debt is reported as an other financing source and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

10. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications (cont.)

Fund Statements

Governmental fund equity is classified as fund balance and displayed as follows:

- a. Nonspendable - Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted - Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (ordinance) of the City Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City Council that originally created the commitment.
- d. Assigned - Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. The City has adopted a financial policy authorizing the Finance Director to assign amounts for a specific purpose. Assignments may take place after the end of the reporting period.
- e. Unassigned - Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance are available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned and, lastly, unassigned amounts of unrestricted fund balance when expenditures are made.

The City has a formal minimum fund balance policy. That policy is to maintain a minimum unassigned fund balance in the General Fund of \$3 million. The balance at year end was \$15,594,326.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of June 30, 2016, the following individual funds held a deficit balance:

Fund	Amount
Special Community Development	\$ (34,707)
Community Development Block Grant	(12,227)
Emergency Solutions	(48,721)

Fund deficits are anticipated to be funded with future grant revenue, general tax revenues, or transfers from other funds.

NOTE III - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments. The deposits and investments of the pension trust funds are held separately from those of other funds.

U.S. Government and agency securities	19,787,493
Mutual funds	41,951,295
Domestic common stocks	5,594,839
Corporate bonds	4,478,143
Municipal bonds	<u>683,519</u>

Total Deposits and Investments \$113,406,698

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to the City.

The City does not have any deposits exposed to custodial credit risk.

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The City does not have any investments exposed to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

CITY OF URBANA

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk (cont.)

As of June 30, 2016, the City's investments were rated as follows:

<u>Investment Type</u>	<u>Moody's Investors Services</u>
Illinois Funds	Aaa
IMET (Convenience Fund)	Not Rated
IMET (1-3 Year Fund)	Aaa
U.S. Agency obligations (implicitly guaranteed)	Aaa

As of June 30, 2016, the Police Pension Fund's investments were rated as follows:

<u>Investment Type</u>	<u>Moody's Investors Services</u>
U.S. Agency obligations (implicitly guaranteed)	Aaa
Municipal bonds	Aa3 - Aaa
Corporate bonds	Baa2 - Aaa

As of June 30, 2016, the Firefighters' Pension Fund's investments were rated as follows:

<u>Investment Type</u>	<u>Moody's Investors Services</u>
U.S. Agency obligations (implicitly guaranteed)	Aaa
Municipal bonds	A2
Corporate bonds	Baa2 - A1
Money market mutual funds	Aaa-mf

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Concentration of Credit Risk (cont.)

At June 30, 2016, the City's investment portfolio was concentrated as follows:

Issuer	Investment Type	Percentage of Portfolio
Federal Home Loan Bank	U.S. Agency obligation (implicitly guaranteed)	7.47%

As of June 30, 2016, the Police Pension Fund and Firefighters' Pension Fund had no investments with concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of June 30, 2016, the City's investments were as follows:

Investment Type	Fair Value	Maturity (In Years)			
		Less than 1	1 - 5	6 - 10	Greater than 10
IMET (1-3 Year Fund)	\$ 3,519,738	\$ -	\$ 3,519,738	\$ -	\$ -

Fair Value Hierarchy

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2016, the City's investments are measured using the market valuation method and valuation inputs as follows:

Investment Type	Level 1	Level 2	Level 3	Total
U.S. Treasury obligations	\$ -	\$ 4,061,607	\$ -	\$ 4,061,607
U.S. Agency obligations	-	10,741,532	-	10,741,532

B. RECEIVABLES

All of the receivables on the balance sheet are expected to be collected within one year.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

	<u>Unearned</u>	<u>Unavailable</u>
Property taxes receivable for subsequent year	\$ 2,944,939	\$ -
License fees	1,838,704	-
Grants	5,485	36,009
Stormwater fees	<u>220,309</u>	<u>-</u>
Total Unearned/Unavailable Revenue for Governmental Funds	<u>\$ 5,009,437</u>	<u>\$ 36,009</u>
Unearned revenue included in liabilities	\$ 2,064,498	
Unearned revenue included in deferred inflows	<u>2,944,939</u>	
Total Unearned Revenue for Governmental Funds	<u>\$ 5,009,437</u>

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor Governmental	<u>\$ 69,832</u>
Total - Fund Financial Statements		69,832
Less: Interfund receivables created with internal service fund eliminations		(4,328)
Less: Government-wide eliminations		<u>(69,832)</u>
Total Internal Balances - Government-Wide Statement of Net Position		<u><u>\$ (4,328)</u></u>

All amounts are due within one year.

The principal purpose of these interfunds is to temporarily support expenditures reported in multiple funds with resources from one fund. All remaining balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

For the statement of net position, interfund balances which are owed within the governmental activities or business-type activities are netted and eliminated.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

D. INTERFUND RECEIVABLES/PAYABLES (cont.)

Transfers

The following is a schedule of interfund transfers:

Fund Transferred To	Fund Transferred From	Amount
General	Capital Improvement and Replacement	\$ 601,469
General	Nonmajor Governmental	1,013,589
General	Motor Vehicle Parking	800,753
Vehicle Equipment and Replacement	General	1,309,818
Vehicle Equipment and Replacement	Capital Improvement and Replacement	68,300
Capital Improvement and Replacement	General	1,178,400
Capital Improvement and Replacement	Nonmajor Governmental	120,596
Nonmajor Governmental	General	230,463
Nonmajor Governmental	Capital Improvement and Replacement	39,645
Nonmajor Governmental	Nonmajor Governmental	<u>351,712</u>
Total - Fund Financial Statements		5,714,745
Less: Government-wide eliminations		<u>(4,913,992)</u>
Total Transfers - Government-Wide Statement of Activities		<u>\$ 800,753</u>

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

For the statement of activities, interfund transfers within the governmental activities or business-type activities are netted and eliminated.

Other Liabilities					
Compensated absences	1,395,328	2,266,570	1,980,428	1,681,470	1,681,470
Landfill post-closure monitoring	85,950	-	28,650	57,300	28,650
Other postemployment benefits	547,550	215,678	97,909	665,319	-
Net pension liability - IMRF	6,534,326	3,271,765	1,251,947	8,554,144	-
Net pension liability - Police	16,087,014	1,314,620	1,396,843	16,004,791	-
Net pension liability - Fire	4,529,577	5,241,879	1,038,747	8,732,709	-
Total Other Liabilities	29,179,745	12,310,512	5,794,524	35,695,733	1,710,120
Total Governmental Activities Long-Term Liabilities	\$ 37,849,745	\$ 12,660,512	\$ 6,899,524	\$ 43,610,733	\$ 2,852,620
Business-type Activities					
Bonds and Notes Payable					
Alternative revenue note	\$ 42,513	\$ -	\$ 18,174	\$ 24,339	\$ 24,339
Sub-totals	42,513	-	18,174	24,339	24,339
Other Liabilities					
Net pension liability	86,381	44,903	17,182	114,102	-
Total Other Liabilities	86,381	44,903	17,182	114,102	-
Total Business-type Activities Long-Term Liabilities	\$ 128,894	\$ 44,903	\$ 35,356	\$ 138,441	\$ 24,339

Compensated absences, other postemployment benefits, landfill post-closure monitoring, and portions of the net pension liability, related to the Police and Firefighters' pensions, are paid out of the General Fund. The portion of net pension liability related to IMRF will be paid out of the applicable fund in which the City pays for the employees' salaries.

General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the City. Notes and bonds in the governmental funds will be retired by future property tax levies.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. LONG-TERM OBLIGATIONS (cont.)

Conduit Debt

The following bonds, which are not included in the financial statements of the City, bear the City's name. These bonds are special limited obligations of nongovernmental entities. The bonds are not general obligations of the City and the City is not liable for the repayment of the bonds.

On December 30, 2015, the City issued \$10,000,000 in promissory notes for Clark-Lindsey Village, Inc. to support renovation and new construction for improving and extending the retirement facilities. Repayment of the notes are the responsibility of Clark-Lindsey Village, Inc. At the end of the fiscal year, \$3,322,170 of the note was outstanding. These notes are in addition to a similar loan issued by the City on May 20, 2004 to Clark-Lindsey Village of which there was an outstanding balance of \$3,147,917 as of the fiscal year-end.

F. CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. The City completed final closure of the landfill in 1987. The \$57,300 reported as landfill postclosure care liability at June 30, 2016, represents the total amount needed by the City for post closure care costs according to state and federal regulations. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

G. NET POSITION

Net position reported on the government wide statement of net position at June 30, 2016, includes the following:

Governmental Activities

Net Investment in Capital Assets	
Land	\$ 7,621,483
Construction in progress	6,538,194
Other capital assets, net of accumulated depreciation	83,422,691
Less: Long-term debt outstanding (excluding unspent capital related debt proceeds)	<u>(7,483,108)</u>
Total Net Investment in Capital Assets	<u>\$ 90,099,260</u>

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS

Business-type Activities

Net Investment in Capital Assets	
Land	\$ 3,765,739
Construction in progress	381,372
Other capital assets, net of accumulated depreciation	1,760,032
Less: Long-term debt outstanding	<u>(24,339)</u>
Total Net Investment in Capital Assets	<u><u>\$ 5,882,804</u></u>

H. COMPONENT UNIT

URBANA FREE LIBRARY

This report contains the Urbana Free Library (Library), which is included as a component unit.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

a. Basis of Accounting/Measurement Focus

The Library follows the full accrual basis of accounting and the flow of financial resources measurement focus.

b. Deposits and Investments

	Carrying Value	Statement Balances	Associated Risks
Deposits - Library	\$ 1,738,310	\$ 1,738,347	Custodial credit risk - deposits
Deposits - Foundation	136,245	136,245	Custodial credit risk - deposits
Illinois Funds	29,826	29,832	Credit risk
Petty cash	<u>516</u>	<u>-</u>	N/A
Total Deposits and Investments	<u><u>\$ 1,904,897</u></u>	<u><u>\$ 1,904,424</u></u>	

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the Library's deposits may not be returned to the Library.

The Library does not have any deposits exposed to custodial credit risk.

CITY OF URBANA

b. Deposits and Investments (cont.)

Custodial Credit Risk (cont.)

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Library will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The Library does not have any investments exposed to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of June 30, 2016, the Library's investments were rated as follows:

Investment Type	Standard & Poors
Illinois Funds	AAAm

c. Capital Assets

	Beginning Balance	Additions	Deletions	Ending Balance	Useful Lives (Years)
Land	\$ 480,732	\$ -	\$ -	\$ 480,732	N/A
Buildings and improvements	10,551,983	-	-	10,551,983	75

d. Long-Term Obligations

Long-term obligations activity for the year ended June 30, 2016, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Mortgage payable	\$ 75,000	\$ -	\$ -	\$ 75,000	\$ -
Compensated absences	231,700	43,019	78,046	196,673	196,673
Other postemployment benefits obligation	<u>20,311</u>	<u>6,228</u>	<u>2,827</u>	<u>23,712</u>	<u>-</u>
Totals	<u>\$ 327,011</u>	<u>\$ 49,247</u>	<u>\$ 80,873</u>	<u>\$ 295,385</u>	<u>\$ 196,673</u>

Debt service requirements to maturity are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2017	\$ -	\$ 3,750	\$ 3,750
2018	-	3,750	3,750
2019	<u>75,000</u>	<u>3,750</u>	<u>78,750</u>
Totals	<u>\$ 75,000</u>	<u>\$ 11,250</u>	<u>\$ 86,250</u>

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

Plan Descriptions

The City contributes to three defined benefit pension plan, the Illinois Municipal Retirement Fund (IMRF), an agent-multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and the Firefighters' Pension Plan which is a single-employer pension plan. The benefits, benefits levels, employee contributions and employer contributions for the plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The Police Pension Plan and the Firefighters' Pension Plan issue separate reports on the pension plans. IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Illinois Municipal Retirement Fund

Plan Description. The City's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The City's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Public Act 96-0889 created a second tier for IMRF's Regular Plan. IMRF assigns a benefit tier to a member when he or she is enrolled in IMRF. The tier is determined by the member's first IMRF participation date. If the member first participated in IMRF before January 1, 2011, they participate in *Regular Tier 1*. If the member first participated in IMRF on or after January 1, 2011, they participate in *Regular Tier 2*.

For *Regular Tier 1*, pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under *Regular Tier 1*, the pension is increased by 3% of the original amount on January 1 every year after retirement. For *Regular Tier 2*, pension benefits vest after ten years of service. Participating members who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under *Regular Tier 2*, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Illinois Municipal Retirement Fund (cont.)

Plan Membership. At December 31, 2015, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	171
Inactive, non-retired members	121
Active members	<u>177</u>
Total	<u><u>469</u></u>

Contributions. As set by statute, City employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The statute requires the City to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's actuarially determined contribution rate for calendar year 2015 was 12.70% of annual covered payroll. The City also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies. For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions. The assumptions used to measure the total pension liability in the December 31, 2015 annual actuarial valuation included a 7.47% investment rate of return, (b) projected salary increases from 3.75% to 14.50%, including inflation, and (c) price inflation of 2.75%. The retirement age is based on experience-based table of rates that are specific to the type of eligibility condition. The tables were last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.

Mortality. For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Illinois Municipal Retirement Fund (cont.)

Long-Term Expected Real Rate of Return. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Projected Returns/Risk	
		One Year Arithmetic	Ten Year Geometric
Equities	38.00 %	8.85 %	7.39 %
International equities	17.00 %	9.55 %	7.59 %
Fixed income	27.00 %	3.05 %	3.00 %
Real estate	8.00 %	7.20 %	6.00 %
Alternatives	9.00 %		
Private equity		13.15 %	8.15 %
Hedge funds		5.55 %	5.25 %
Commodities		4.40 %	2.75 %
Cash equivalents	1.00 %	2.25 %	2.25 %

Discount Rate. The discount rate used to measure the total pension liability for IMRF was 7.47%. The discount rate calculated using the December 31, 2014 measurement date was 7.48%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected not to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments of 7.50% was blended with the index rate of 3.57% for tax exempt 20-year general obligation municipal bonds with an average AA credit rating at December 31, 2015 to arrive at a discount rate of 7.47% used to determine the total pension liability. The year ending December 31, 2084 is the last year in the 2016 to 2115 projection period for which projected benefit payments are fully funded.

CITY OF URBANA

Illinois Municipal Retirement Fund (cont.)

Discount Rate Sensitivity. The following is a sensitivity analysis of the net pension liability / (asset) to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.47% as well as what the net pension liability / (asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.47%) or 1 percentage point higher (8.47%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 66,605,598	\$ 59,013,062	\$ 52,810,880
Plan fiduciary net position	<u>50,344,816</u>	<u>50,344,816</u>	<u>50,344,816</u>
Net pension liability	<u>\$ 16,260,782</u>	<u>\$ 8,668,246</u>	<u>\$ 2,466,064</u>

Changes in Net Pension Liability/(Asset). The City's changes in net pension liability/(asset) for the calendar year ended December 31, 2015 was as follows:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/Asset (a) - (b)
Balances at December 31, 2014	\$ 56,932,200	\$ 50,311,493	\$ 6,620,707
Service cost	1,089,547	-	1,089,547
Interest on total pension liability	4,201,414	-	4,201,414
Differences between expected and actual experience of the total pension liability	(662,826)	-	(662,826)
Change of assumptions	69,408	-	69,408
Benefit payments, including refunds of employee contributions	(2,616,681)	(2,616,681)	-
Contributions - employer	-	1,269,129	(1,269,129)
Contributions - employee	-	458,147	(458,147)
Net investment income	-	249,334	(249,334)
Other (net transfer)	-	673,394	(673,394)
Balances at December 31, 2015	<u>\$ 59,013,062</u>	<u>\$ 50,344,816</u>	<u>\$ 8,668,246</u>

Illinois Municipal Retirement Fund (cont.)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended June 30, 2016, the City recognized pension expense of \$1,844,837. The City reported deferred outflows and inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 712,879	\$ 508,899
Assumption changes	1,171,376	-
Net difference between projected and actual earnings on pension plan investments	3,216,995	-
Contributions subsequent to the measurement date	<u>623,718</u>	<u>-</u>
Total	<u>\$ 5,724,968</u>	<u>\$ 508,899</u>

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability/(asset) for the year ending June 30, 2017. The remaining amounts reported as deferred outflows and inflows of resources related to pensions (\$4,592,351) will be recognized in pension expense as follows:

Year Ending December 31,	Amount
2015	\$ 1,450,679
2016	1,450,679
2017	1,029,995
2018	<u>660,998</u>
Total	<u>\$ 4,592,351</u>

Police Pension

Plan Description. Police sworn personnel are covered by the Police Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

As provided for in the Illinois Compiled Statutes, the Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Police Pension Fund as provided for in Illinois Compiled Statutes.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one half of the salary attached to the rank on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a police shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or onehalf the annual unadjusted percentage increase in the CPI, whichever is less.

Plan Membership. As of July 1, 2015, the Police Pension Plan's membership consisted of:

Retirees and beneficiaries	48
Inactive, non-retired members	2
Active members	54
Total	104

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending June 30, 2016 was 31.17% of annual covered payroll.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Summary of Significant Accounting Policies. The financial statements of the Police Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximated fair value. Investments that do not have an established market are reported at estimated fair values.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed as of June 30, 2016 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Interest rate	7.00%
Inflation	2.50%
Projected salary increases	5.25%
Cost-of-living adjustments	Tier 1 - 3.00% Tier 2 - 1.25%

Mortality rates were based on the RP-2000 CHBCA Mortality Table. The actuarial assumptions were based on the results of an actuarial experience study conducted by the Illinois Department of Insurance dated September 26, 2012.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Police Pension (cont.)

Long-Term Expected Real Rate of Return. The long-term expected rate of return on the Police Pension Plan's investments was determined using a building block method. The best estimate for future real rates of return are developed for each of the major asset classes. Future real rates of return are weighted based on the target allocation within the Plan investment policy. Expectation inflation is added back in. Adjustment is made to reflect geometric returns. Best estimated or arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of June 30, 2016 are as follows:

Asset Class	Target	Long-Term Expected Real Rate of Return
Domestic equity	41%	8.30%
International equity	19%	8.10%
Fixed income	40%	3.00%

Illinois Compiled Statutes (ILCS) limit the Plan's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

Discount Rate. The discount rate used to measure the total pension liability for the Police Pension Plan was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 58,395,890	\$ 50,967,232	\$ 44,903,302
Plan fiduciary net position	<u>34,962,441</u>	<u>34,962,441</u>	<u>34,962,441</u>
Net pension liability	<u>\$ 23,433,449</u>	<u>\$ 16,004,791</u>	<u>\$ 9,940,861</u>

Firefighters' Pension

Plan Description. Fire sworn personnel are covered by the Firefighters' Pension Plan, which is a defined benefit single-employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

As provided for in the Illinois Compiled Statutes, the Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Firefighters' Pension Plan as provided for in Illinois Compiled Statutes.

Tier 1 - Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one twelfth of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service to a maximum of 75% of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Tier 2 - Covered employees attaining the age of 55 or more with 10 or more years of creditable service are entitled to receive a monthly pension of 2.5% of the final average salary for each year of creditable service. The salary is initially capped at \$106,800 but increases annually thereafter and is limited to 75% of final average salary. Employees with 10 or more years of creditable service may retire at or after age 50 and receive a reduced retirement benefit. The monthly pension of a firefighter shall be increased annually on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the pension start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase in the CPI, whichever is less.

Plan Membership. At July 1, 2015, the Firefighters' Pension Plan membership consisted of:

Retirees and beneficiaries	49
Inactive, non-retired members	4
Active members	<u>55</u>
Total	<u><u>108</u></u>

Contributions. Participants contribute a fixed percentage of their base salary to the plans. At June 30, 2016, the contribution percentage was 9.455%. If a participant leaves covered employment with less than 20 years of service, accumulated participant contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011 the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded by the year 2040. The City's actuarially determined contribution rate for the fiscal year ending June 30, 2016 was 25.56% of annual covered payroll.

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies. The financial statements of the Firefighters' Pension Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions are made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximated fair value. Investments that do not have an established market are reported at estimated fair values.

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed as of June 30, 2016 using the following actuarial methods and assumptions:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value
Actuarial assumptions	
Interest rate	7.00%
Inflation	2.50%
Projected salary increases	5.25%
Cost-of-living adjustments	Tier 1 - 3.00% Tier 2 - 1.25%

Mortality rates were based on the RP-2000 CHBCA Mortality Table. The actuarial assumptions were based on the results of an actuarial experience study conducted by the Illinois Department of Insurance dated September 26, 2012.

Long-Term Expected Real Rate of Return. The long-term expected rate of return on the Firefighters' Pension Plan's investments was determined using a building block method. The best estimate for future real rates of return are developed for each of the major asset classes. Future real rates of return are weighted based on the target allocation within the Plan investment policy. Expectation inflation is added back in. Adjustment is made to reflect geometric returns. Best estimated or arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of June 30, 2015 are as follows:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed income	35%	1.00%
Equity	65%	6.50%

Illinois Compiled Statutes (ILCS) limit the Plan's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Discount Rate. The discount rate used to measure the total pension liability for the Firefighters' Pension Plan was 7.00%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity. The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the City calculated using the discount rate of 7.00% as well as what the net pension liability would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 57,445,993	\$ 50,437,879	\$ 44,689,166
Plan fiduciary net position	<u>41,705,170</u>	<u>41,705,170</u>	<u>41,705,170</u>
Net pension liability	<u>\$ 15,740,823</u>	<u>\$ 8,732,709</u>	<u>\$ 2,983,996</u>

Changes in Net Pension Liability/(Asset). The City's changes in net pension liability/(asset) for the calendar year ended June 30, 2016 was as follows:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/Asset (a) - (b)
Balances at July 1, 2015	\$ 46,725,593	\$ 42,196,016	\$ 4,529,577
Service cost	1,168,377	-	1,168,377
Interest on total pension liability	3,275,512	-	3,275,512
Differences between expected and actual experience of the total pension liability	(686,638)	-	(686,638)
Change of assumptions	2,156,908	-	2,156,908
Benefit payments, including refunds of employee contributions	(2,201,873)	(2,201,873)	-
Contributions - employer	-	1,038,747	(1,038,747)
Contributions - employee	-	402,718	(402,718)
Net investment income	-	313,386	(313,386)
Administration	-	(43,824)	43,824
Balances at June 30, 2016	<u>\$ 50,437,879</u>	<u>\$ 41,705,170</u>	<u>\$ 8,732,709</u>

NOTE IV - OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Firefighters' Pension (cont.)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended June 30, 2016, the City recognized pension expense of \$2,236,192. The City reported deferred outflows and inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 582,801
Assumption changes	2,208,859	-
Net difference between projected and actual earnings on pension plan investments	<u>2,616,785</u>	<u>-</u>
Total	<u>\$ 4,825,644</u>	<u>\$ 582,801</u>

The amounts reported as deferred outflows and inflows of resources related to pensions (\$4,242,843) will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2017	\$ 1,076,772
2018	1,076,772
2019	1,076,772
2020	767,482
2021	<u>245,045</u>
Total	<u>\$ 4,242,843</u>

B. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The City purchases commercial insurance to provide coverage for losses from torts; theft of, damage to, or destruction of assets; errors and omission; and health care of its employees. However, other risks, such as workers compensation and general liability are accounted for and financed by the City in the General Fund.

Self Insurance

For workers compensation claims, the uninsured risk of loss is \$600,000 per incident for EMTs, firefighters, and police officers and \$500,000 per incident for all other employees. The City has purchased commercial insurance for claims in excess of those amounts. Settled claims have not exceeded the commercial coverage in any of the past three years.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

Self Insurance (cont.)

All funds of the City participate in the risk management program. Charges for premiums and claims are paid from the General Fund.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable. Liabilities include an amount for claims that have been incurred but not reported. The City does not allocate overhead costs or other nonincremental costs to the claims liability.

Claims Liability

	<u>Prior Year</u>	<u>Current Year</u>
Unpaid claims - Beginning of Year	\$ 193,441	\$ 567,741
Current year claims and changes in estimates	722,336	216,805
Claim payments	<u>(348,036)</u>	<u>(320,256)</u>
Unpaid Claims - End of Year	<u>\$ 567,741</u>	<u>\$ 464,290</u>

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the City is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

The City has active construction projects as of June 30, 2016. Work that has been completed on these projects but not yet paid for (including contract retainages) is reflected as accounts payable and expenditures.

D. JOINT VENTURES

Champaign-Urbana Waste Disposal System

The City of Urbana and the City of Champaign have entered into a joint venture, which is called the Champaign-Urbana Waste Disposal System (system) and oversees the post-closure operations of a local sanitary landfill.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

D. JOINT VENTURES (cont.)

Champaign-Urbana Waste Disposal System (cont.)

The governing body is made up of the Mayor of Urbana and the City Manager of Champaign, each with equal voting rights in respect to the system's operations. The annual budget is approved by both City Councils. The City made \$21,070 in payments to the system in fiscal year 2016. The City believes that the system's future revenues will approximate future expenses.

The City accounts for its share of the operation in the General Fund. The City has an equity interest in the organization equal to its percentage share of participation of the population of the cities on the date the joint venture was established. The City of Urbana owns 38.2% of the net worth of the joint venture. The equity interest relative to financial assets is reported in the governmental activities column of the government-wide statement of net position. Changes in the equity interest are reported on the statement of activities.

E. OTHER POSTEMPLOYMENT BENEFITS

The City administers a single-employer defined benefit healthcare plan ("the Retiree Health Insurance Plan"). The City's group health insurance plan provides coverage to active employees and retirees (or other qualified terminated employees) at blended premium rates. This results in an other postemployment benefit (OPEB) for the retirees, commonly referred to as an implicit rate subsidy.

Contribution requirements are established through the City's personnel manual and collective bargaining agreements. Retired employees who have worked at least 10 consecutive years with the City are eligible to remain on the City's health insurance plan. These retirees are required to pay 100% of premiums. Benefit levels are the same as those provided to active employees.

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to plan, and changes in the City's net OPEB obligation to the Retiree Health Insurance Plan:

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

E. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Annual required contribution	\$	213,435
Interest on net OPEB obligation		13,461
Adjustment to annual required contribution		<u>(11,218)</u>
Annual OPEB cost		215,678
Contributions made		<u>(97,909)</u>
Increase in net OPEB obligation		117,769
Net OPEB Obligation - Beginning of Year		<u>547,550</u>
Net OPEB Obligation - End of Year	\$	<u><u>665,319</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2016 and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2014	\$ 217,107	50%	\$ 429,781
June 30, 2015	215,678	45%	547,550
June 30, 2016	215,678	45%	665,319

The funded status of the plan as of June 30, 2013, the most recent actuarial valuation date, was as follows:

Actuarial accrued liability (AAL)	\$	2,945,778
Actuarial value of plan assets		<u>-</u>
Unfunded Actuarial Accrued Liability (UAAL)	\$	<u><u>2,945,778</u></u>
Funded ratio (actuarial value of plan assets/AAL)		-%
Covered payroll (active plan members)	\$	16,928,776
UAAL as a percentage of covered payroll		17%

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

E. OTHER POSTEMPLOYMENT BENEFITS (cont.)

Actuarial valuations of an ongoing plan involve estimates for the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2013 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions include a 4% investment rate of return and an annual healthcare cost trend rate of 8% initially, reduced by decrements to an ultimate rate of 6% after 4 years. Both rates include a 3% inflation assumption. The actuarial value of Retiree Health Plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a three-year period. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at June 30, 2016, was 30 years.

F. TAX INCREMENT FINANCING DISTRICT

The City of Urbana has established several Tax Increment Redevelopment Project Areas (RPA's) to encourage redevelopment of certain sites for more market oriented commercial uses of the properties that will enhance their value and improve their contributions to the City and its surrounding areas. As part of the redevelopment plans, the City has made significant improvements to utilities, public parking, intersections, and traffic signalization, streets and landscaping. The redevelopment plans also include site preparation, land acquisition and assembly, and demolition/clearance.

Construction and development in the RPA's were the responsibility of developers and are substantially complete. To entice development of the areas, the City created tax increment financing (TIF) districts to finance public improvements made within the RPA's.

Several funds have been established to record the revenues generated in the RPA's that relate directly to servicing the debt issued to make public improvements in the RPA's.

CITY OF URBANA

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended June 30, 2016

NOTE IV - OTHER INFORMATION (cont.)

G. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*
- Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*
- Statement No. 77, *Tax Abatement Disclosures*
- Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*
- Statement No. 79, *Certain External Investment Pools and Pool Participants*
- Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*
- Statement No. 81, *Irrevocable Split-Interest Agreements*
- Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*

When they become effective, application of these standards may restate portions of these financial statements.

Notes to Schedule:

The City implemented GASB Statement No. 68 in fiscal year 2015. Information prior to fiscal year 2015 is not available.

Valuation date:

Actuarially determined contribution rates are calculated as of December 31 each year, which are 6 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	29 years
Asset valuation method	5-Year Smoothed Market
Inflation	3.00%
Salary increases	4.40% to 16.00% including inflation
Investment rate of return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition
Mortality	RP-2000 CHBCA

Other information:

There were no benefit changes during the year.

CITY OF URBANA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2016

BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. The budget is as amended by the City Council. All annual appropriations lapse at fiscal year end.

Prior to June 30, the City Finance Director submits to the City Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted to obtain taxpayer comments. Prior to September 30, the budget is legally enacted through passage of an ordinance. Formal budgetary integration is employed as a management control device during the year for all funds.

The City is authorized to change budgeted amounts within any fund; however, revision must be approved by two-thirds of the members of the City Council. No revisions can be made increasing the budget unless funding is available for the purpose of the revision. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level. The appropriated budget is prepared by fund, function, and department. The City Finance Director is authorized to transfer budget amounts between departments within any fund; however, the City Council must approve revisions that alter the total expenditures of any fund.

The City of Urbana's Comprehensive Annual Financial Report

^a Restated

^b Beginning in fiscal year 2014, replacement taxes, state sales taxes, and state use taxes are presented as intergovernmental revenues.

^c Prior to 2014, charges for services for general government and urban redevelopment and housing (along with library services) were combined in the schedule above.

^d In 2013, GASB Statement No. 61 was implemented, resulting in the Urbana Free Library no longer being reported within Governmental Activities.

^e In 2015, GASB Statement No. 68 and No. 71 were implemented, resulting in the restatement of 2014 net position. The effects of the restatement are not shown in this schedule.

Urbana Park District	13,227,905	99%	13,139,566
Subtotal, overlapping debt			59,817,435
City of Urbana direct debt			7,915,000
Total direct and overlapping debt			<u>\$ 67,732,435</u>

Source: Assessed value provided by Champaign County Clerk. Outstanding debt provided by each government unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City of Urbana. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Urbana. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) Computed by dividing Urbana's assessed value by the assessed value of the overlapping government and multiplying this rate by the overlapping government's outstanding debt. An overlapping government unit is any which levies a tax on a citizen of Urbana. This schedule does not include revenue supported debt.

CITY OF URBANA, ILLINOIS

LEGAL DEBT MARGIN INFORMATION

As of June 30, 2016

The City is a home rule municipality. Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the essential value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing amounts."

To date, the General Assembly has set no limits for home rule municipalities.
